

Nurses Stations CENTRAL DUPAGE HOSPITAL

LOCATION

Winfield, Illinois

PROJECT DELIVERY

General Contracting

ARCHITECT

Garapolo Maynard Architects

ICI was contracted to update the Nurses Stations on the third floor of the South Building at Central DuPage Hospital in 2013. This project was completed in conjunction with other improvements taking place on two separate hospital floors. The project was completed in close proximity to occupied areas of the hospital and therefore required a high

level of coordination. Modifications to multiple building systems serving these patient areas are also being modified; coordination was of key importance for this reason as well.
