

## Explore Store Build-Out CHICAGO TROLLEY & DOUBLE DECKER CO.

### LOCATION

108 North State Street, Chicago, IL

### PROJECT DELIVERY

General Contracting

### ARCHITECT

Tria Architecture, Inc.

To date, ICI has completed seven projects within Chicago's Block 37. The Chicago Trolley & Double Decker Co.'s Explore Store is the newest build-out within this popular retail development for Chicagoans and tourists.

The new 1,500 square foot retail store features merchandise and travel gear depicting the city's many sightseeing attrac-

tions. Five flat panel TVs, dynamic lighting and bright color choices aim to draw customers into the space. The project was completed within a very compressed schedule and delivered to the owner in early May.
