

Wal-Mart Supercenter Freeport, Illinois WAL-MART STORES, INC.

LOCATION

Freeport, Illinois

PROJECT DELIVERY

General Contracting

ARCHITECT

The Benham Companies

Situated on more than 23 acres, ICI completed construction of this 197,885 square foot new Supercenter in 36 weeks. The project began in March 2007 and was completed in December of that year.

Walmart designated the new Freeport, Illinois store as a prototype and the store currently serves as a training center for many Wal-Mart Store Planners and Employees.

The store houses the following departments in addition to standard stock Wal-Mart products: a Garden Center, 1-Hour Photo Center, Grocery.

Tire & Lube, Subway, a Pharmacy and a Vision Center are also tenants within the store.
