LOCATION

Westmont, Illinois

PROJECT DELIVERY

Construction Management

In October 2018, demolition began at the corner of 63rd Street and Cass Avenue in Westmont, Illinois to make way for a planned multi-tenant 11 acre retail development. ICI was retained to provide construction management services by Kensington Development Partners and IM Properties.

Demolition is complete and the Village of Westmont has warmly welcomed the rejuvenation of one of their most

prominent commercial areas. Some of the proposed businesses for the development include an LA Fitness “Signature Club” facility and the fast food concept Raising Cane’s. The project is planned to open in late fall 2019.
